FRONTEND DEVELOPER

Diligent software engineer with nearly **2 years of experience in Front End frameworks**, meticulously working on technical skills to be industry ready for attaining desired goals. Skeptical approach in taking important decisions. Keen interest in learning bleeding-edge technologies.

TECHNICAL SKILLS

Languages	: JavaScript, HTML5, CSS3, SCSS, Python3
Frameworks	: React.js, Vue.js, React Native, Express, Node.js, Next.js
Libraries	: MaterialUI, Redux, React Router, Tailwind, React-bootstrap, Vue-router
Databases	: MongoDB, SQL
Dev Tools	: VS Code, Git, Github, Vite, Webpack

EXPERIENCE

React Developer

Cognizant Technologies

Sept 2021 – Present
Remote – Bangalore, India

- Developed Single Page Applications (**SPAs**) and UIs using React's component-based architecture, effectively translating designs and wireframes into high-quality, efficient, and scalable code structures.
- Implemented **SSRS** and **PRS** techniques to significantly improve **SEO**, organic traffic, and initial page load performance.
- Significantly improved application performance by **40%** through the implementation of React hooks, memoization, and dynamic importing techniques for optimized React Applications.
- Integrated **Redux** with **Redux-thunk** middleware for robust global state management, leveraging React's flux architecture and advanced Object-Oriented concepts to enhance website performance.
- Ensured seamless cross-browser compatibility by conducting thorough testing of web applications on popular browsers such as Internet Explorer, Firefox, Safari, Opera, and Chrome.
- Possess extensive experience utilizing Vue.js for web application frameworks and React Native for cross-platform app development.
- Played a vital role in facilitating knowledge sharing and actively collaborating within an **Agile** (Scrum) Development Team, ensuring regular updates and cohesive efforts to achieve project success.

EDUCATION

Ajay Kumar Garg Engineering College

Bachelor of Technology in Electronics and Communication Engineering

73.6%

July 2017 – July 2021

PERSONAL PROJECTS

Online Code Editor

Node.js, Express, ReactJS, Git

[Source Code](#)

- A **Code editor** with support of languages including **Python, Java, C, C++** and **Javascript**
- Designed and developed REST APIs for code execution using **Express** and **NodeJS** for server side execution.

Omnifood

HTML, CSS, SCSS

[Source Code](#)

- Developed an eye-catching **Website** with a startup based look.
- Responsiveness and UI is built keeping the user experience seamless.

ACHIEVEMENTS

- Certified Python Developer by Coursera
- 300+ questions on Leetcode
- 4 star at Hackerrank.
